

Industrial Thick Film

Introduction

Made for industry, Ship 2 Shore heavy duty thick film coating is the ultimate in di-electric, anti-corrosion, moisture and anti-corrosion protection.

Applications

Ship-2-Shore Industrial Thick fluid film is a corrosion inhibitor, penetrant, marine lubricant for ferrous and non-ferrous metals. It has excellent adhesion to metal surfaces and resists splash, spray and complete submersion. Ship 2 Shore Industrial Thick Film shuts down corrosion and electrolysis and has a dielectric strength of 9800 volts. Ship 2 Shore Industrial Thick Film will adhere to materials from -35°C to 55°C and shows no signs of product breakdown or separation up to 120°C.

Performance Data

Physical State:	Thixotropic
Colour:	Red
Odour:	Fresh Scent
Specific Gravity @15.6°C	0.901
Viscosity @25°C, cP:	18,000
Flash Point (COC), °C:	60
Fire Point, °C:	145
Pour Point, °C:	-9
Evaporation Rate:	TBD
Water Solubility:	TBD

Available Package Sizes

- Convenient 150ml bottle with brush cap. Available in bulk liquid sizes
- 4L bottle (1 gal); box of 4
- 20 litre pail (5 gal)
- 205 litre drum (55 gal)
